

## *Conscious and Creative Parenting* using the Constellation Approach

Parenting is the most humbling, challenging and rewarding job on earth. Each stage of development brings a whole new set of issues and just as you begin to think you "have it down" your child completely changes. This workshop will help you find your own creative place as a parent-digging down to the bottom of your toes for solutions only you can find.

Using the ideas from the Constellation Approach, we'll travel down into the Soul of Your Family, to the place of unconditional love. By letting go of unwanted, unconscious patterns, you'll find your Truth. A Kind, Intelligent, and Unshakeable Truth that will lead you into your own creative, unique way of parenting.
